
Use of bioactive fraction from cow urine distillate (`Go-mutra`) as a bio-enhancer of anti-infective, anti-cancer agents and nutrients

Abstract

The invention relates to a novel pharmaceutical composition comprising an effective amount of bio-active fraction from cow urine distillate as a bioavailability facilitator and pharmaceutically acceptable additives selected from anticancer compounds, antibiotics, drugs, therapeutic and nutraceutic agents, ions and similar molecules which are targeted to the living systems.
